Fair Draft.

Read:-

This draft has been approved by the Dewan
24/1/02

Report on the Administration of the Excise Revenue in the Mysore State for the year 1900/01 received with letter No. 4070/177 dated 23rd/24th December 1901 from the Excise Commissioner in Mysore.

Order thereon.

The Report read above has been prepared in a condensed form in accordance with the orders of Government recently issued. A further curtailment in future years may be looked for from the fact that there would then be no need for a repetition of the useful information regarding the system of Excise Administration in force in the State, contained in the Report under review.

2. The revenue from all sources aggregated Rs. 3736487-8-10 against Rs. 3629233-11-7 in the preceding year. The bulk of this was contributed by arrack and toddy the former of which showed a falling off of Rs. 77205-7-10 which was more than compensated for by a rise of Rs. 18212-1-3 under the latter. Early steps should be taken to recover as much as possible of the heavy outstanding arrears of Rs. 32,339-3-2 under "Rent of arrack Vend Farms

and Separate Shops".

3. The new Excise Regulation and a large body of important Rules thereunder, have been passed and promulgated since the close of the year under retrospect, as also a rule bringing Akki Boja within the purview of the Excise Laws, and these measures are all expected to lead to beneficial results. So too a set of carefully thought out instructions re the satisfactory settlement of the long pending and vexed question of Inamdar's claims to Toddy Revenue.

Were these rules passed by Govt? Is it not better to omit the remarks further?

4. It is a question whether a decrease under arrack in favor of a corresponding increase under Toddy which is presumably a weaker and less harmful drink, is not more a matter for gratification than for regret.

5. On this and on several other matters, the proposals promised by the Excise Commissioner are awaited, and will, on receipt, receive due consideration.

6. Artificial reproduction does not seem so far to have been quite a success, the only good and remunerative plantation deserving prominent mention being the latter one raised by a private individual in the Bowringpet Taluk of the Kolar District. The submission of

of a consolidated detailed report of the action taken up to date in this matter and of what is definitely proposed to be done in future, should be expedited.

7. An early completion of the exhaustive lists of Date Reserves on which work the Deputy Excise Commissioner has for some time past been specially employed is desired, the local Revenue officers giving this important work their ready and hearty cooperation.

8. The revision of Establishment recommended by the Excise Comr. is under the consideration of Government.

9. The Excise Commissioner's complaint anent the inadequacy of punishments awarded by Magistrates in cases of offences against Excise Laws, does not seem to be without some force and will be brought to the notice of the Chief Court for such action as they may deem fit to take.

10. The administration of the department continued to be effecient under Mr. Purnaiyya whose remarks regarding the good work done by the officers under him have been noted with satisfaction.

Secretary.
